

## Fall leaf schedule and brush schedule

The Fall leaf program is underway. Please rake your leaves out to the edge of the street and keep them in separate piles without any other items. **PLEASE DO NOT** mix your leaves and brush. You may continue to put the leaves at the curb up until December 15. After December 15<sup>th</sup> you may put any leaves in bags, placed at the curb for Rumpke. We want to remind everyone that you should **NEVER** mix anything with the leaves-foreign objects and/or sticks will cause serious damage to our leaf machine.

Brush will also be collected up to December 29<sup>th</sup>. Please stack brush at the edge of your yard and make sure only sticks are in the untangled piles. After the 29<sup>th</sup>, you may put brush in your trash cans, placed at the curb for Rumpke pick up. We will resume brush pickup in the Spring.
