

Glendale Park Board announces their “Third Annual Discount Tree Program”

15 Consecutive Years awarded as a Tree City USA

Discounted Nursery Tree Packages Available For Your *Private Property* – Delivered & Installed!

We again anticipate that many Glendale residents will again begin the process of searching out good tree stock to replace the trees lost from past droughts and wind storms. Last year’s private property tree program was a huge success and many trees were purchased and planted on private property in Glendale. This, in conjunction with the trees that the Village plants on public property, makes a difference in our mission to replenish Glendale’s famous tree canopy.

For the third year in a row, the Glendale Park Board has again negotiated a discounted price from a professional tree nursery. The goal was for a nursery to offer Glendale residents high quality nursery grade trees, to make it easy to order by phone, to have the nursery include delivery, to have the nursery professionally install them as part of the total price, and for the nursery to then bill each resident upon satisfactory completion; at a *discounted municipal price*.

Cassinelli Glendale Nursery has agreed to our terms and will again offer municipal discounts to Glendale residents beginning in April of 2011. Attached to this letter are the trees, specifications and prices from Cassinelli’s Glendale Nursery. When you call for your order, be sure to identify yourself as a Glendale resident to receive the discounted tree program package price. They will take your order over the phone, deliver and professionally install your tree(s) on your private property – wherever you direct them to do so. If you are not sure what kind of tree or where in your yard to put it, Mr. Cassinelli offers professional advice and consultation at no charge. You will then be billed by the nursery at the discounted prices as stated. Attached are the species, sizes and prices. All prices include taxes.

The Glendale Park Board will also be ordering trees in 2011 to plant on Village owned property. Together we can work toward restoring our famous tree canopy and keeping our Village green.

Cassinelli delivers, stakes in yard, plants with fertilizer/soil mix, finishes with mulch, and bills Glendale residents after planting. There is a one (1) year warranty if the tree receives reasonable care (labor charge for replacement). Price includes tax. This is a municipal discount available to Glendale residents during the 2011 calendar year. Orders may be placed and planting can take place year round as weather permits. Please call orders in directly to Cassinelli at 874-4500.
